INFORMATION

Why Should You Attend?

The Wisconsin Precast Concrete Association will hold its summer conference on Friday, July 9, 2010, and Saturday, July 10, 2010, in LaCrosse, Wis. This is an ideal setting to bring your family to enjoy the Mississippi River while you network within the precast concrete industry.

The event begins with plants tours of Crest Precast, Wieser Precast Step & Vault, and Al's Concrete Products, all located in LaCrescent, Minn. We will drive separately, but the addresses are listed in this flyer. Then we will have dinner at a special location—the Old Railroad Depot in LaCrescent, Minn., with music provided by local guitarist Larry Langen. On Saturday, we will have a business meeting with discussions about the concrete tank corrosion issue. We will discuss further plans for the WPCA to adopt either a certification program or best practices manual. Agenda items for the business meeting should be sent to the WPCA office by July 1. The business meeting will be followed by golf.

While you're in town, check out the paddle riverboat tours out of Riverside Park near the Radisson, unique stores for downtown shopping and famous restaurants for Saturday night to include Piggy's and the Freight House, all within walking distance of the hotel.

The Agenda

Friday, July 9, 2010

- 1 PM Plant Tour, Crest Precast, Main Plant, LaCrescent, MN
- 1:45 PM Plant Tour, Crest Precast, Tank Plant, LaCrescent, MN
